Did You Know....

Roses are the official flower for Father's Day. A red rose is worn in the lapel if your father is living, a white rose if he is deceased.

Father's Day is celebrated most places on the third Sunday in June, but not everywhere. In Spain and Portugal, for instance, fathers are honored on St. Joseph's Day on March 19. In Australia, it's the first Sunday in September.

This is a big day for the 70.1 million fathers in America. Nearly 95 million Father's Day cards were given last year in the United States, making Father's Day the fourth-largest card-sending occasion.

Sons and daughters send 50 percent of the Father's Day cards to their dads. Nearly 20 percent of Father's Day cards are purchased by wives for their husbands. That leaves 30 percent of the cards which go to grandfathers, sons, brothers, uncles and “someone special.”

Today, some of the most popular Internet searches connected to the day include "father's day recipes", "Father's day poems", and "father's day crafts."

More than 85 million Americans participated in a barbecue last year — it's probably safe to assume many of these barbecues took place on Father's Day.

Our Love Is Being
Special

Sent To All Fathers On This
Day!
